AISHA'S FANS CALL HER : MISS SUNSHINE ☀️☀️☀️

her father was a famous Trombone Musician that toured and performed in recordings of Michael Jackson, Stevie Wonder, Diana Ross... so AISHA grew up listening to mainly Black music. Her mother was a singer and dancer and also sang ANIME songs.

On stage her Diva-like vocal skills will definitely make your jaw drop. However when she talks and MC's, her cute bubbly down to earth personality flows out and her fans can't help but giggle. She emphasises the power of Happiness, Love & Faith in her Music.
